A Message from Dr. Dean L. Manning:

Over the 45 years of my career in dentistry, many of you have been loyal patient and friends. It is bittersweet to inform you that I have decided to retire. For 20 years, I have enjoyed working with my son, Dr. Bryan Manning, and we are both pleased to announce that Dr. Vincent K. Williams will be joining the practice as a new associate. In fact, we are both so confident that our patients will find him personable and knowledgeable, that I actually delayed my retirement by one full year in order for him to join the practice and get settled in Southwest Louisiana.

This is not a goodbye, merely a transition. I truly love dentistry, so you will most likely see me around the office on occasion. As always, you will be able to choose your dentist and hygienist.

We encourage you to greet Dr. Vincent Williams and welcome him into the MDA family as he works alongside Dr. Bryan Manning, both providing optimal dental care to you and your family.

Sincerely,

Dr. Dean L. Manning
